

TRUCK FESTIVAL

26-28 JULY 2024 - HILL FARM, OXFORDSHIRE

Access at Truck Festival

We want Truck Festival to be accessible to everyone and in 2017 we began our working relationship with Attitude is Everything, a disability-led charity that improves deaf and disabled people's access to live music.

In our first year of working with AIE we were awarded Bronze and since then we have gone on to achieve a Gold award in 2023 for our ongoing commitment to accessibility.

As a festival, we know that to truly champion accessibility and be one of the industry standard leaders, we need to strive to improve year on year and continue to meet the needs and requirements of all our customers.

We hope you find the information below useful

Your Commitment

Every one of our partners must give due consideration to how they will make their elements of the festival accessible to members of the public, as well as staff, and artists. This means making reasonable adjustments to your plans for people with neurodivergence, sensory impairments, and mobility differences, so that they can enjoy the show like anyone else.

A shortened version of the AIE's Live Event Access Charter with information on best practice can be downloaded [here](#). As Truck has achieved the Gold standard award it is your responsibility to ensure you meet the relevant Gold level standards outlined.

Queries on these standards can be directed to your Account Manager, or info@attitudeiseverything.org.uk
